📁 Professional Experience

Founder, stilldiscount.com [🔗](#) 07/2019 – present | India

- **Web Application Development:**
 - Created a user-friendly web application aimed at assisting students in easily locating free Udemy courses in a single platform.
- **Social Media Marketing:**
 - Successfully managed social media marketing campaigns to promote the platform and increase user engagement.
- **Content-Driven Website Development:**
 - Designed and developed a content-rich website using WordPress and Woocommerce, enhancing the user experience.
- **Automated Social Media Posting:**
 - Implemented automated social media posting using the fs-poster plugin, ensuring consistent and timely updates across various channels.
- **Web Hosting and Deployment:**
 - Deployed the website using A2 Hosting, ensuring optimal performance and uptime.
- **Search Engine Optimization (SEO):**
 - Applied SEO best practices resulting in:
 - Successful indexing on Google search
 - Improved online visibility
 - Attracted 185,705+ users and generated 855,918+ visits to the website.

Inten, Inueron [🔗](#) 02/2023 – 05/2023 | India

JavaScript Full-stack Developer

- **MVP Model Development:**
 - Successfully developed and deployed an MVP model for Inueron (or specify the project name), showcasing expertise in full-stack development.
- **MongoDB Data Management:**
 - Efficiently used MongoDB to store data, ensuring reliability and robust data management.
 - Implemented Mongoose for validation, query building, business logic hooks, and other functionalities, enhancing data integrity.
- **Front-end and Back-end Development:**
 - Utilized Next.js as the front-end framework to deliver a seamless user experience with responsive web design.
 - Leveraged Node.js for the back-end, ensuring the efficient handling of server-side operations.
- **Production-Ready Development:**
 - Gained practical knowledge in building production-ready websites, emphasizing stability, scalability, and performance.

📁 Projects

Educonnect - JavaScript Full stack [🔗](#) 03/2023 – 05/2023

- Frontend Link [🔗](#) Backend Link [🔗](#)
 - This system optimizes administrative tasks, enhances communication, and offers real-time insights for students, parents, lecturers, and administrators in educational institutions. Key technologies used include Next.js for the frontend, Node.js for the backend, MongoDB for database storage, and Vercel for seamless deployment, ensuring fast global access and automatic scaling

Dev-blog - Frontend [🔗](#) 07/2022

- Developed a dynamic content-driven website with infinite scroll and responsive design using ReactJS. The web application, named Dev-blog, showcased proficiency in frontend development.

All Creative Works - fronted web pages [🔗](#) 01/2021

- Developed over 21+ web projects with a focus on frontend development, utilizing HTML, CSS, Tailwind, and JavaScript.
- These projects feature responsive web design and were successfully deployed using Netlify.
- Demonstrated a strong commitment to creativity, attention to detail, and effective communication throughout project development.

🎓 Education

Bachelor of Technology - CSE(AIML) - 7.5 CGPA, MLR institution of Technology 2021 – present | Hyderabad

Diploma - CSE - 7.65 CGPA, Jothismathi institutions of technology and science 2018 – 2021 | Karimnagar

Secondary School Education - 8.7 CGPA, Ratnam Global High school

🏆 Activites

Secured a position in Cohort 5 [🔗](#)

Product Track for the development of a Full Stack web application "Student Leave Permission System" organised by Cisco
